

SIZE MATTERS

The new look of wind power

Whisper 175

WHISPER 175 (Was WHISPER 3000)

15 ft (4.6 m) diameter → 175 sq ft (16.4 sq/m) swept area → 538 kwh/mo*

A BEST BUY for lots of electricity. Use this cost-effective, rugged, 2-blade wind generator for battery charging applications or connect to the utility grid for electric bill reduction and black-out protection. Power energy efficient homes, farms, telecommunications and rural electrification projects such as multiple homes, ice-making, community centers, street and sign lighting.

The Whisper 175 with more than twice the swept area (175sq ft/16.4 sq m) of the Whisper H80/80 provides more than twice the electricity—538 kwh/month in a 12 mph average wind speed. Get **Electricity from the Wind and Sun** with World Power's exclusive EZ-WIRE System Center—the Whisper 175 is ready for 1600 watts of solar for a wind/solar hybrid system.

High voltage model available for long distance runs (over 300 ft at 24v or 800 ft at 48v). Also available for electric heating and 64-240 volt battery charging.

Whisper quiet and renewable power—reduce or eliminate the need and noise of a diesel or gas generator.

SPECIFICATIONS

Peak power@12m/s(27mph)	3200 watts
Rated power@10m/s(22mph)	2400 watts
Cut-in wind m/s / mph	3.1/7
Controller included	EZ 200/4600
Carbon reinforced fiberglass blades	2
Prop tip to center cm/in	56/22
Min. blade clearance cm/in	36/14
Battery voltage standard	48
Battery voltages selectable	24/32
Standard mount pipe	5"schd40
Lateral thrust nts/lbs	1720/400
Tower top weight kg/lbs	70/155
Ship dim box 1 cm/in	89x61x82 / 35x24x32
Ship dim box 2 cm/in	224x31x16/88x12x6
Shipping weight box 1 kg/lbs	125/275
Shipping weight box 2 kg/lbs	19/40

Average Wind Speed		Kilowatt Hrs. kwh/month
mph	m/s	
8	3.6	174
9	4.0	252
10	4.5	341
11	4.9	437
12	5.4	538
13	5.8	640
14	6.3	740

Electricity from the wind and sun

EZ-WIRE SYSTEM CENTER

EZ-Wire System Center

Optional Remote Monitor

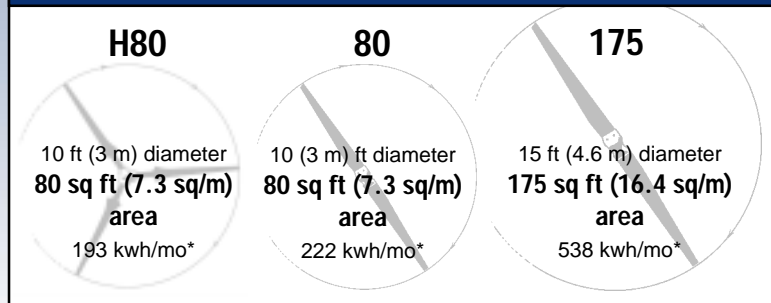

You need an EZ-WIRE SYSTEM CENTER for:

- Only one CHARGE CONTROLLER for wind, solar or hybrid system
- Bright LED display for EASY MONITORING of batteries, wind output, solar output, and DC load
- Remote monitor option shows all metering functions of the EZ-Wire System Center from the comfort of your living room

Only available from World Power—the exclusive EZ-Wire System Center is standard with every Whisper wind generator

Authorized Dealer

Compare: twice the area = twice the electricity
