

Whisper H20

SIZE MATTERS

WHISPER H20 (Replaces WHISPER H500)

5 ft (1.5m) diameter → 20 sq ft (1.8 sq/m) swept area → 53 kwh/mo*

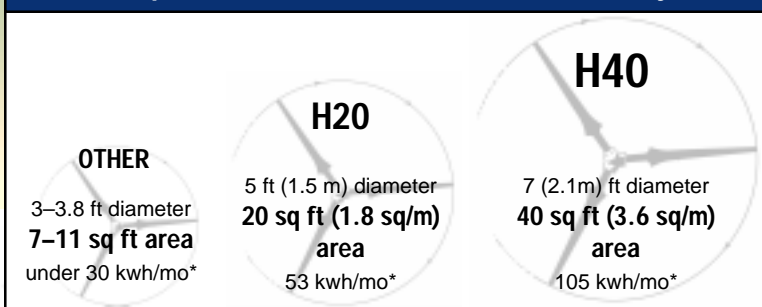

The world's most cost-effective small wind generator. The Whisper H20 is ideal for charging batteries for cabins, boats, ham radios, telecommunications, remote monitoring, cathodic protection, oil platforms and rural electrification.

The sleek aerodynamic blades sweep an area 20 square feet (1.8 sq/m) providing 53 kwh/month in a 12 mph (5.4 m/s) average wind speed. Our smallest wind generator makes twice as much electricity as the competition. Select the Whisper H20 when you need *real* power.

Quality made
in the U.S.A.

*The new look
of wind power*

Compare: twice the area = twice the electricity

*in 12 mph (5.4 m/s) average wind speed

SPECIFICATIONS

Peak power@12.5m/s(28 mph)	500 watts
Rated power@10m/s(22mph)	230 watts
Cut-in wind m/s / mph	3.4/7.5
Controller included	EZ 90/900
Molded, fiber reinforced blades	3
Prop tip to center cm/in	29/11
Min. blade clearance cm/in	15/6
Standard battery voltage	12
Battery voltages selectable	24,32,48
Standard mount pipe	2.5"schd40
Lateral thrust nts/lbs	210/50
Tower top weight kg/lbs	16/35
Ship dim cm/in	79x41x28/31x16x11
Ship wt kg/lbs	25/55

Average		
Wind Speed		Kilowatt Hours
mph	m/s	kwh/month
8	3.6	15
9	4.0	23
10	4.5	31
11	4.9	41
12	5.4	53
13	5.8	65
14	6.3	78

The all new WHISPER H20 features

- brushed aluminum casting
- enclosed windings and rotor
- patented ANGLE GOVERNOR (see reverse)
- exclusive EZ-Wire System Center (see below)
- lifetime molded blades (3)
- highest efficiency blade design in the industry
- high output windings
- lifetime brush and slip ring assembly
- 2-year warranty
- ready for up to 480 watts PV

Electricity from the
wind and sun

EZ-WIRE SYSTEM CENTER

EZ-Wire System Center

You need an EZ-WIRE SYSTEM CENTER for:

- Only one CHARGE CONTROLLER for wind, solar or hybrid system
- Bright LED display for EASY MONITORING of batteries, wind output, solar output, and DC load
- Remote display option displays all metering functions of the EZ-Wire System Center from the comfort of your living room

Only available from World Power—exclusive EZ-Wire System Center is standard with every Whisper wind generator

20 sq ft swept area

5FT/1.5M propeller diameter
